Progressive education is a pedagogical movement that began in the late nineteenth century; it has persisted in various forms to the present. The term progressive was engaged to distinguish this education from the traditional Euro-American curricula of the 19th century, which was rooted in classical preparation for the university and strongly differentiated by social class.

The Progressive Era is a period of widespread social activism and political reform across the United States that spanned from the 1890s to the 1920s. The main objectives of the Progressive movement were eliminating problems caused by industrialization, urbanization, immigration, and political corruption. The movement primarily targeted political machines and their bosses.

The English Woman's Journal (EWJ), published between 1858 and 1864, was the first monthly magazine to be published by an organized feminist network in England. From month to month, the EWJ featured a mix of articles on women's employment, education, and volunteering, notable women in history, poetry, reviews, current events, and a readers' column.

This article discusses the gendered nature of politics (as practice) and political science (as an academic discipline). It studies the sex-typing characteristic of most institutions in the modern world and describes how gender shapes the ways people organize, think, and know about the world. The article then identifies the changes that have occurred in politics and political science over the ...
