THEME: Distinguished Club Status in Pathways. DCP-Q1: How will my club earn recognition in the Distinguished Club Program (DCP)? A: Just like the current program, Pathways features 10 DCP goals (six educational goals and four non-educational goals). While the six educational goals in Pathways are different from the six goals in the current DCP, they do function similarly.

The psychology of self is the study of either the cognitive, conative or affective representation of one's identity or the subject of experience. The earliest formulation of the self in modern psychology derived from the distinction between the self as I, the subjective knower, and the self as Me, the object that is known.. Current views of the self in psychology position the self as playing ...

Partnering to Heal. Partnering to Heal is a computer-based, video-simulation training program on infection control practices for clinicians, health professional students, and patient advocates.. The training highlights effective communication about infection control practices and ideas for creating a "culture of safety" in healthcare institutions to keep patients from getting sicker.

The self is an individual person as the object of his or her own reflective consciousness. This reference is necessarily subjective, thus self is a reference by a subject to the same subject. The sense of having a self " or self-hood " should, however, not be confused with subjectivity itself. Ostensibly, there is a directedness outward from the subject that refers inward, back to its ...

What is self-injury? Nonsuicidal self-injury (NSSI) is the deliberate, self-inflicted destruction of body tissue resulting in immediate damage, without suicidal intent and for purposes not culturally sanctioned. Self-injury can include a variety of behaviors but is most commonly associated with: intentional carving or cutting of the skin
