The black-eyed pea, black-eyed bean or goat pea, a legume, is a subspecies of the cowpea, grown around the world for its medium-sized, edible bean.. The common commercial variety is called the California Blackeye; it is pale-colored with a prominent black spot. In the American South there are countless varieties, many of them heirloom, that vary in size from the small lady peas to very large ...

Please pardon the dust as the Traditium, the personal blog site of Traditius, is renovated and updated. The Traditian Order was formed and expanded its responsibilities faster than its membership was able to support, leaving a lot done by a few and many people who just want to be members of an organization with many who think like they do. The Traditian Order will continue to be the latter ...
