Teaching and learning in science: a new perspective Brenda Keogh and Stuart Naylor Manchester Metropolitan University Presented at the BERA Conference, Lancaster, September 1996

Teaching and learning in science: a new perspective

The distortion is a simple rotation of just 17 degrees, but the results are not very nice at all. First of all each new pixel location is a floating point value, but pixels can only exist in an integer grid, so the above simply junks the non-integer fraction of the results.

What is Narrative Therapy? A Definition. Narrative therapy is a form of therapy that aims to separate the individual from the problem, allowing the individual to externalize their issues rather than internalize them. It relies on the individual's own skills and sense of purpose to guide them through difficult times (Narrative Therapy, 2017).
