

pet cbm personal computer pdf

The Commodore PET (Personal Electronic Transactor) is a line of home/personal computers produced starting in 1977 by Commodore International. A top-seller in the Canadian and United States educational markets, it was the first personal computer sold to the public and formed the basis for their entire 8-bit product line, including the Commodore 64. The first model, which was named the PET 2001 ...

Commodore PET - Wikipedia

Commodore International (other names include Commodore International Limited, or most simply Commodore) was an American home computer and electronics manufacturer founded by Jack Tramiel. Commodore International (CI), along with its subsidiary Commodore Business Machines (CBM), participated in the development of the home personal computer industry in the 1970s and 1980s.
