This is a list of notable high-voltage direct-current power transmission projects.. HVDC projects for long-distance transmission have two (or rarely, more) converter stations and a transmission line interconnecting them.

### **List of HVDC projects - Wikipedia**

Life is a characteristic that distinguishes physical entities that have biological processes, such as signaling and self-sustaining processes, from those that do not, either because such functions have ceased (they have died), or because they never had such functions and are classified as inanimate. Various forms of life exist, such as plants, animals, fungi, protists, archaea, and bacteria.
