Ohio Board of Nursing / Nursing Education

A licensed practical nurse (LPN), in much of the United States and Canada, is a nurse who cares for people who are sick, injured, convalescent, or disabled. In the United States, LPNs work under the direction of physicians. In Canada, LPNs/RPNs work autonomously similar to the Registered Nurse in providing care and are responsible for their individual actions and practice.

Licensed practical nurse - Wikipedia

To assist PN educators to prepare the LPN/LVN workforce for current practice and to promote academic progression, the NLN released a vision statement to recognize the role of LPN/LVN graduates to advance the nation's health and developed guidelines for practical nursing national faculty to support learning in new clinical settings that align with workforce practice.

Nursing research is research that provides evidence used to support nursing practices. Nursing, as an evidence-based area of practice, has been developing since the time of Florence Nightingale to the present day, where many nurses now work as researchers based in universities as well as in the health care setting. Nurse education places focus upon the use of evidence from research in order to ...
