Human prehistory is the period between the use of the first stone tools c. 3.3 million years ago by hominins and the invention of writing systems. The earliest writing systems appeared c. 5,300 years ago, but it took thousands of years for writing to be widely adopted and it was not used in some human cultures until the 19th century or even until the present.

Prehistory - Wikipedia

The prehistory of Australia is the period between the first human habitation of the Australian continent and the colonization of Australia in 1788, which marks the start of consistent documentation of Australia. This period is estimated to have lasted between 40,000 and 60,000 years, or longer. This era is referred as prehistory rather than history because there was no consistent written ...
