Communication Models and Theories. Simplest model of communication reflects the work of Shannon and Weaver. Model consists of a sender, a message, a channel where the message travels, noise or interference and a receiver.

## **Communication Models and Theories**

There are four primary principles of communication: As a result, when an adult comes home frustrated or angry about his or her workday, he or she may communicate anger or impatience to his or her partner or children, even though that isn't his or her intent. The message must also pass through the listener's own filter of thoughts and feelings.
