Magento i About the Tutorial Magento is an open source E-commerce software, created by Varien Inc., which is useful for online business. It has a flexible modular architecture and is scalable with many control options that is helpful for users. Magento uses E-commerce platform which offers

### **About the Tutorial - tutorialspoint.com**

Many independent developers that have worked with Magento for years often attend both industry and Magento events, so this is a great way to meet developers and learn more about Magento. Developers also have a few sites online where they hang out, and I would suggest taking advantage of those sites.
