The central bank must accommodate these transactions. But the central bank also can create or destroy money in separate money market operations and for an overall look at credit in the economy these operations must be combined with support of the private banking system.

### **Steve Keen's The Myth of Fractional Reserve Banking**

Many policy reform failures result from lack of attention to how reform implementation is organized. Policy change often requires difficult changes in stakeholder coalitions, shifts in the structures and rules of implementing agencies, and new patterns of interaction.
