EMERGENCY NURSES ASSOCIATION SCOPE OF EMERGENCY NURSING

Public health is "the science and art of preventing disease, prolonging life and promoting human health through organized efforts and informed choices of society, organizations, public and private, communities and individuals". Analyzing the health of a population and the threats is the basis for public health. The "public" in question can be as small as a handful of people, an entire village ...

Public health - Wikipedia

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...
