

### **race identity and reconciliation pdf**

A race is a grouping of humans based on shared physical or social qualities into categories generally viewed as distinct by society. First used to refer to speakers of a common language and then to denote national affiliations, by the 17th century the term race began to refer to physical (phenotypical) traits. Modern scholarship regards race as a social construct, that is, a symbolic identity ...

The sociology of race and ethnic relations is the study of social, political, and economic relations between races and ethnicities at all levels of society. This area encompasses the study of systemic racism, like residential segregation and other complex social processes between different racial and ethnic groups. The sociological analysis of race and ethnicity frequently interacts with other ...
